Guaranteed content: Amino acids, Se- 0,2%

Description and performance

Amino Selstar (organic selenium) is a feed premix prepared on the basis of amino acids for different types of animals. **Amino Selstar** is produced on the basis of Arkop's proprietary technology involving the use of micronutrient compounds with very high bioavailability. **Amino Selstar** effectively supplements selenium deficiencies, ensures correct development of the organism and enhances animal health. The selenium in **Amino Selstar** is characterized by very good bioavailability, thanks to which it can very quickly supplement deficiencies of this element in animal diet.

Application of **Amino Selstar** ensures:

- Lower susceptibility to infections and diseases
- Correct functioning of muscles
- Correct reproduction
- Correct functioning of internal organs
- Better growth

Composition

- Contains amino acids

Microelement:	Selenium - Se
Contents:	0,2%
